Getting To Know Your Neighbors
Creates Community

In our fast-paced, stress-filled world we often don't create the opportunities that we need in order to get to know our neighbors. In days past, good neighbor relations were the staple of every strong community. Being able to share life's experiences, both good and bad, with those who live so close to us was once considered one of life's greatest blessings.

These days it is the exception rather than the rule to take the time to create strong relationships with the people we share our community with...and we are each the poorer because of it. Each one of us has a story to tell, a hand to lend, a laugh to share, and friendship to give. What keeps us from extending so much of ourselves to the families that live around our own may be those same things that prevent us from experiencing many of the great blessings of our parents or of our youth: A changing world that focuses more on the individual than the family and the need to remain isolated in order to feel "safe and secure."

Someone once said, "If you always do the things you did, you'll always get the things you got." If we want to grow as a community, then we have to risk breaking free from the bonds of isolation that are so easily created by and for us. We must reach out to our neighbors and let them know that they matter and that we care. If we do that, even in the most seemingly insignificant of ways - like a wave as we pass on the street - then we are moving toward a better community and a better way to live.

Just because our culture has pushed us away from ourselves doesn't mean it is right, it just means that we have to work that much harder in order to reconnect with one another and create a better environment in which to live.

THANK YOU for living in Summerfield.

Ken Miller
SCA Board President

Disaster Planning Committee

On January 2nd at 1:30 PM, the Disaster Planning Committee will hold its first meeting with those individuals who have expressed an interest in becoming involved with disaster planning and preparedness. Our plan is to meet on a monthly basis as we identify the best ways to get prepared and how we can put our various talents and skills to use.

The February Summary will have a short article on the results of the meeting. Each month the Summary will carry an article on the plans being developed by the committee (as well as annoying reminders of what you should be doing as individuals to be prepared for a major disaster).

Note: If you are, or have been a camper, or know of someone in your neighborhood that has camping experience, they are the best resource for ideas on how to cope without power, using limited supplies and tools, and how to stay warm!

New! Thursday Tai Chi Class

Tai Chi is a gentle form of exercise comprised of slow, smooth, circular movements. In what appears to be effortless motion, you can exercise your heart and lungs, foster flexibility, strengthen and tone your body, enhance your immune system, delay cognitive decline, and more. The health benefits are so numerous that a Harvard Health publication described it as "medication in motion". The sets I will be teaching have been endorsed by the CDC (Center for Disease Control and Prevention), the Arthritis Foundation, and the American Council on Aging. Tai Chi is a fun, safe, meditative form of exercise. Come join me on Thursdays at 3:00 PM in the downstairs Ping Pong Room to learn a beginning set. (This is not a seated class. Individuals must be able to walk without assistance.) Classes begin January 5th!

Computer & Technology

Maybe this is the year you upgrade to a "smart" TV. It has a lot of advantages over its predecessors. Remember, if it gets too smart, you can always pull the plug!

There's nothing like a good book. Well, there is the e-book, a modern alternative that you can read on your computer, phone or tablet. If nothing else, it sure saves space on your bookshelves.

Tuesday, January 10th, 10:30 AM: Smart TVs

Tuesday, January 24th, 10:30 AM: e-books

All are welcome to these sessions. Mark Mehall has a way of making even the thorniest topics understandable, even to seniors! See you in the Game Room!

Senior Life Long Learning

Happy New Year and welcome to the first lecture of the year, "How to Listen to and Understand Opera"! During this series, we will learn about the unique marriage of words and music. We will trace the history of opera from its beginnings in the early seventeenth century to circa 1924.

Lectures 1-4 will consist of a general introduction to and the definition of opera. A syllabus of this series will be distributed so that you may have a general outline of what we will be studying.

Musically, we will examine **Puccini's Turandot**, **Mozart's Idomeneo**, **Bizet's Carmen** and **Rossini's Barber of Seville**. Dr. Greenberg's great love of opera will help us to develop a methodology for listening to and understanding opera.

Please join us every Thursday at 2:00 PM in the Lakeview Room for a musical learning experience that will be both inspirational and everlasting. For further information call Karen at 971.249.3907 or email karen@ptbreak.net

Travel Group

The Summerfield Travel Group has submitted forms to the Clubhouse Committee and to the SCA Board for recognition as an official Summerfield Club. We have an expanded Board, co-treasurers and co-chairpersons. Co-chairs are Paula and Marshall Henry along with Les Schuller.

Our November meeting had an excellent travelog on Russia with background music and narration. Our December meeting with Royal Caribbean Cruise Lines was when Portland had the bad weather and our presenter had his airline flight to Portland cancelled. However, we were able to substitute an enjoyable travelog on a Viking Cruise on the Danube River with narration thanks to Marshall and Paula Henry. We will re-schedule RCCL in the Spring.

Due to the presidential inauguration, our January meeting has been changed to the 27th and will feature Laura Hernandez from Collette presenting a PowerPoint presentation on their most popular tours. On February 17th, we will have another travelog from Paula and Marshall Henry on their November trip to South Africa. These presentations and the Travel Group meetings are held in the Game Room at 10:00 AM. Refreshments are served. Questions? Call Paula or Marshall Henry at 503.504.4976 or Les Schuller at 503.716.8216.

To begin 2017, the selection for January is The Girl Who Fell From The Sky by Heidi W. Durrow. This debut novel tells the story of Rachel, the daughter of a Danish mother and a black G.I. who becomes the sole survivor of a family tragedy. Inspired by a true story of a mother's twisted love, this novel reveals an unfathomable past and explores issues of identity at a time when many people are asking "must race confine us and define us?". We will be discussing this insightful novel on Tuesday, January 10th at 2:00 PM. Please join us.

First Leaves, Then Snow

If you still have leaves in your yard or on the street, it is time to discard them in your yard debris can. It is the homeowner's responsibility to take care of the leaves around their residence. Long standing leaves are not only unattractive but can also attract rodents. Please don't rake the leaves into the street because Summerfield does not have a way to remove them.

If it snows, it is also the homeowner's responsibility to remove snow from the sidewalks in front of their home. As everyone is aware, we have many walkers in Summerfield and slippery sidewalks are very treacherous and dangerous.

Thanks for your cooperation in keeping Summerfield safe and beautiful.

Pickleball Club

Now that the holidays are behind us and weight gain seems to be a common problem, join us for weight shedding exercise playing Pickleball. Every day of the week (weather permitting & courts available) from 1:00 to 3:00 PM you will find many of your friends and neighbors playing and enjoying Pickleball on the courts adjacent to the Clubhouse. They are also out there on Saturdays and Sundays, on the available courts, during the same hours. If you aren't familiar with Pickleball, come on down and see how it's played. There are always club members there who would be pleased to explain the game to you and join you in some introductory play. If you know anyone who would like more information about our club, please have them contact Sheryl Caldwell at 503-603-0452 or email at send2sheryl@yahoo.com or Linda McCall at 971-244-3876 or email at golfinggrannypdx@gmail.com

Fountains Unit Owners:

Remember to return your RSVP form for the January 11th Fountains Annual Meeting and luncheon. The form was part of the packet you received at your condo door or in the mail in December. If you cannot attend this meeting, which will be held at the Clubhouse beginning at 11:30 AM, it's still important to fill out and return the form and assign a proxy so that your vote will be counted. Place it in box 31 or mail it to the board secretary (see below). There is no additional cost for the lunch, it's covered by your dues. The board is planning to share important information, including plans about our community and the Fountains HOA Master Insurance Policy, budget, maintenance and landscaping updates.

S.A.L.T. Interest?

S.A.L.T. is an acronym for Seniors and Law Enforcement Together. S.A.L.T. is a cooperative effort for local law enforcement and senior citizens (Google it for more information). S.A.L.T. provides a forum for seniors and law enforcement to share needs, concerns and a chance to develop positive solutions. S.A.L.T. focuses on reducing the fear of crime and improving the quality of life for seniors.

I would like to survey Summerfield residents to see if there is enough interest to have periodic speakers from law enforcement agencies including Tigard Police, Washington County Sheriff, Postal Inspectors, FBI, Homeland Security among others to come to the Clubhouse and conduct informative presentations for Summerfield residents. If this sounds like something you would like to hear, please call me with your name and phone number. My number is 503.716.8216; please leave a voicemail if I can't answer.
