

Summerfield Summary

ANNUAL BOARD MEETING

We hosted our Annual Meet the Candidates night on June 22nd in the Clubhouse Living Room. Nominating Committee Chairperson, Sharon Hughes, welcomed the group and introduced our Board Candidates Valerie Wicklund and Pat VanOsdel. Rich Garber played piano while cookies and lemonade were enjoyed.

The SCA Board looks forward to seeing as many attendees as possible for our Annual Meeting being held July 10th in the Clubhouse Ballroom from 7-9 PM. The intention of this meeting is for the outgoing Board Members to receive acknowledgement and elect in our new Board Members by hand vote. Also each Board Member is a liaison for a SCA Committee and they will give brief updates as to what their Committee assignments have been working on. Given that it is our 50th Anniversary here at Summerfield, we look forward to a celebratory toast!

ARCHITECTURE LANDSCAPE COMMITTEE

Did you know that if your home or townhome abuts any part of the golf course, you have two front yards for Architectural & Landscape purposes? See the A&L Manual for information about why we treat these properties in this way and some of the specific policies that apply.

If you do live on the golf course, here are a few tips to help the golf course maintenance team keep our award-winning course in the beautiful condition that it is in:

- Please keep any plants, pots, objects, and short fences well within your property line so the mowing equipment can easily traverse the course.
- The maintenance team cannot mow, trim or move anything on your property; please don't put them on the spot!
- Regularly check the area where your property ends and the course begins; prune, trim, or remove anything from your yard growing onto the course.
- No pets are allowed on the course; watch out for roaming coyotes!

Just a friendly reminder – a Change Request is required for *any* changes to properties abutting the golf course.

PRESIDENT'S MESSAGE

"Time, Time, Time is on my Side." Actually it is not and July is here with our Annual Meeting on July 10th. And what a year it has been! The Board has worked hard to carry on the work of the previous Board while dealing with new decisions and new projects.

Our Administrator, Jennifer Stiffler, and Cherie Nef, our Bookkeeper/Admin. Assistant, have learned much about Summerfield and its residents, and how to keep everything running smoothly. Chris Allen, with 20 + years of knowledge and experience, does an excellent job of Clubhouse maintenance. Zach Palmer, Golf Course Superintendent, and his staff are exceptional at maintaining our beautiful Golf Course in all kinds of weather.

Rob Lindsey, Golf Pro, and his Pro Shop Team are great at running a smooth operation maximizing and coordinating play on our Course. Both Rob and Zach have received many kudos from residents and public alike for our Summerfield Golf Course.

Some of the projects and programs overseen by the Board and many implemented by one of our Board Appointed Committees this year are:

- Completed work begun on our Golf Maintenance Shop with the addition of a Utility Lift, new storage shed for hazardous materials, removed old arborvitae and added new cedar fence.
- CALC Committee worked with new vendor, Innovative Landscape, cleaning up Common Area and trimming trees.
- Removed 15 invasive Poplar trees.

Clubhouse Committee activities:

- Continuing remodel of Clubhouse, which included painting, new drapes, bathroom fixtures, bulletin boards, large screen TV for Bingo, chair racks for the Ballroom, and new floor scrubbing machine.
- Repaired Lift in Lobby
- Hired new Clubhouse cleaning company
- Added a Baby Grand Piano in our Lounge area.
- Approved a Kitchen Remodel at recent Board Meeting.
- Added a new "Wellness and Fitness Committee" to develop a plan for the Lower Clubhouse Fitness Area.

- The Board has also reviewed our Insurance Policy with our vendor and increased coverage in areas noted.
- Board also commissioned a Building Envelope Study including HVAC and plumbing for our Reserve Studies and Budgeting.

Yes, it has been a busy year and it has gone by far too fast for all we hoped to do and this is just a partial list of activities. And none of this would be possible without the wonderful volunteers who work on our Committees and Clubs. There are too many to mention and we Thank Them All for Making it Happen in Summerfield.

Two people I would like to mention are Sharon Hughes and Penny Kellogg. They will be leaving the Board this month after 3 years and their contributions in time and effort are immeasurable.

Sharon did great work on the Nominating Committee this year and we had some exceptional candidates. She has worked on many committees for the Board and is active in Craft Club and many other activities. She is our Board Historian having lived here for many years, and would enlighten us on our storied past. We all learned from her. Penny was our Board Parliamentarian and master of our Governing Documents. She made sure we followed our Policies and Procedures, and let us know whenever we were not in compliance. She would gently urge us in the right direction. She was an exceptional liaison with her many Committee responsibilities and guided them on their proposals for the Board.

We will miss you both and are better for having you on our Board. THANK YOU!

Tom Clancy, SCA Board President

CLUBHOUSE COMMITTEE

The kitchen is moving forward! A contractor has been selected and his bid is approved by the Board. The contract has gone to the SCA lawyer for approval and as soon as that approval is received, the materials are ordered and received (estimated 6 weeks), demo and installation will begin. Our contractor is determined to finish the remodel in a very short time. We could possibly, barring any complications, start using our new kitchen by the first of September. Keep your fingers crossed! A big thank you to all the individuals from the community who helped to get this far! Watch the *Summary*, and the website, for updates!

Thanks to all of you on the furniture selection sub-committee! Some good ideas were voiced and have been shared with the Interior Designer. We're looking forward to seeing what her ideas are!!

We ask for your patience and consideration as work continues on these projects. An effort will be made not to disrupt life in the Clubhouse too much.

Volunteers needed! Seamstresses – we have received a donation of 13 large round tablecloths that need to be cut down and hemmed to fit our large round tables. If you can help, please contact Sandy Sisk at 541-639-9193.

The Clubhouse Committee would like new members!! If you love using the Clubhouse, we could use your help in keeping it in top-notch shape. Many hands make light work! If you are interested, please email Deb Simpson at deb.simpson2554@gmail.com

One last thing: Please refrain from taping items on the walls and doors. It leaves marks and, in some cases, damages the surface resulting in the need to repaint.

TUESDAY EVENING HAPPY HOUR

Join us in the Clubhouse Living Room every **Tuesday** evening from **4-6 PM**. The weather is beautiful, and our Happy Hour group invites you to come and enjoy the fellowship of Summerfield residents. We are frequently entertained by Gerry Craig on the piano; and Dawn Juliano with her fiddle. Folks bring their own drink and snacks are shared. Enjoy a relaxed, interactive atmosphere.

NO Happy Hour July 4th!

CREATIVE ART GUILD

The Creative Art Guild hopes you're enjoying the new works hanging on the Clubhouse Gallery Walls featuring the theme, "In the Kitchen."

If you're a newer resident in Summerfield and are an actively practicing artist - perhaps working at your kitchen table, using space in a spare room, working in your garage for those larger works, or taking your materials outside to create — consider checking out the Creative Art Guild.

If you work with watercolors, oils, acrylics, pastels, pencils, pen & ink, photography, sculpture, or mixed media, we invite you to join us!

The Guild meets monthly in the Arts and Crafts Room in the Clubhouse to share works currently in progress, get feedback from fellow artists, and keep up to date on the latest local art news. Our next meeting will be Monday, July 17th at 3 PM. We look forward to seeing you there.

BOOK CLUB

Chuck Coiner led the June Book Club discussion of *The Daughter of Fortune*. Chuck had a lot of information about the author and led the group in a great discussion of the author and the book. A big part of the story took place in California during the gold rush and the problems of the heroine looking for self and avoiding being found as well.

The next Book Club meeting will be on July 11th at 2 PM in the Conference Room. Judy Johnson will be leading the discussion in a book about Winston Churchill, *The Splendid and the Vile* by author Erik Larson. Most of us are at the age where we remember in our childhood Mr. Churchill, being talked about on the news. I am eager to read the book and learn more about this man who had such an influence on world history at the time of WWII.

The book for August is *The Lincoln Highway* by Amor Towles, led by Ann Phillips. For September the book is *The Hotel New Hampshire* written by John Irving, led by Georgia Meshki.

FUN WITH HAND & FOOT

Tuesdays @ 1:30 PM in the Game Room
Casual Drop In Lessons Offered

Rain or shine, Hand & Foot attracts a fun, casual group that plays every **Tuesday at 1:30 P.M. in the Game Room. Please plan on being there 15 minutes early for table assignment.** We start play promptly at 1:30. **Late arrivals may not be seated if play has already begun.**

If you have never played or feel rusty, Susan is offering tutorials at 12:00 on Tuesdays, just prior to the regular games, **to those who RSVP at least a day ahead.** Learn the basics without the pressure of a game. You may direct questions or RSVP to Susan by phone (818-648-5356) or by email at scallihan7308@gmail.com.

By consensus of our regular players, we do require that players be vaccinated due to the number of immunocompromised or at-risk members of the group and the periodic resurgences of this virus and variants around the country.

We ask that if you travel, or are in close contact with someone who has recently traveled, to not attend for 5 days after your return or after that contact. If you feel ill, please do not attend.

TURF TALES

At the June Board meeting, it was brought to my attention that we have a burgeoning whitefly problem near #9 Green. I was told that especially during the evening there are quite significant swarms of these irritating little buggers flitting about and bothering golfers and residents alike. The only experience I have ever had with whitefly was one year during my daughter's high school soccer season when the field area became infested. When the lights were turned on for games, the number of these tiny moth-like insects flying around can best be described as Biblical. Upon hearing that we might be facing such an infestation if left unchecked, I was quite concerned and decided to do some frenzied research.

First, let's talk about what a whitefly is and what effects it has on your plants. A whitefly adult looks like a tiny moth and is harmless except for the fact that they are prodigious breeders. The baby whiteflies go through 5 life cycle phases before becoming adults (eggs, nymph phase 1, 2, and 3, and finally a pupae stage where they make their final transformation into adults). The damage comes from the 3 nymph phases of the white fly. During these phases, they drink the juices from plant leaves and excrete the same honeydew that aphids produce. This can lead to plant leaves becoming yellow and weakened, and then the honeydew will tend to foster the growth of black mildew that can inhibit proper photosynthesis in the leaf. If you find this mildew on your plants, you should make an effort to rinse it off with your hose so that the plant can function as well as possible. The other thing that happens during this time is that the honeydew can attract ants, and the ants will "farm" the whiteflies by keeping the flies' natural predators away so they can keep producing the honeydew that the ants want to feed on. So if you find you have whiteflies you should also take steps to control the ants that protect them, by putting ant bait near the affected plants. To control the whiteflies themselves, apply either soap solution or neem oil to the plant leaves, including the underside, as this is where the nymphs tend to like to feed. The life cycle of the whitefly is about a month from egg to death and this rapid generational turnover can lead to pesticide resistance, so I would only use an insecticide like Malathion for extreme infestations.

If you want to try a more natural route to Whitefly control, both ladybugs and green lacewings feed on whitefly nymphs and can be purchased at many garden retailers. Also, catnip, bee balm, basil, chives, dill, and marigolds repel whiteflies, so planting any of these near your tomato plants can help ensure a good harvest for salads and burger toppings throughout the summer.

POOL NEWS

Thanks all for keeping our umbrellas down on windy days; we appreciate having them tied also!

Next, we need the ropes put up daily before kids swim at 11 AM and 6 PM - State regulations! If you are the last adult in the pool, please ensure that both ropes are put up before leaving the water.

There's room for more Pool Committee members - you don't need experience with pools. Plus, you can be a snowbird as all our meetings are between April and October. For community newcomers joining a committee is a terrific way to get exposure to how our community works: with interested volunteers!

Increased attendance noted. Great weather and no mechanical, electrical, or chemical issues no doubt helps!!

If you're wondering where your noodle went? Perhaps you left it on the deck, and it was placed in the pump house so it could not be used during youth swim. There are several there now. Just ask a Pool Committee member to retrieve yours, then take it with you when you leave:

Bill Bennington, Debra Cruse, Lisa Gutierrez, John Mulligan, Marshall Henry.

Remember to bring your FOB to get into our pool: 'our' being the Summerfield Community. Non-SCA members may only be allowed to be guests of a member present with them.

LIFE WITH A SERVICE ANIMAL

Jane Miller is a Summerfield Resident who is living with Parkinson's Disease. Jane has always had a huge love for dogs and recently was able to bring home a specially trained Assisted Living Dog that helps Jane with balance and stability. Jane's dog, Angus, came from a wonderful group called Joys of Living Assistance Dogs, JLAD for short, based out of Salem, Oregon. JLAD's goal is to match the person needing assistance with the dog to fit their specific needs. Once Jane was qualified and matched with a dog, the dog selected was worked with by the trainers to hone in on the exact needs that Jane would need. Jane then spent a week in Salem with the dog and had to pass a certifying test that she and Angus respected each other and could work the needed commands together. After that, Jane was able to come home with Angus.

On **July 20th, at 4 PM in the Clubhouse Ballroom**, Jane will be hosting a informational meeting regarding looking into obtaining a Service Animal as well as how as members of the community we can interact with Angus. Service Animals are on duty when they are with their person and therefore have rules that they need to follow and there are some rules that we should follow. Representatives from JLAD will be present to assist with the presentation as well as answer questions anyone might have.

We would like to reiterate that PETS are not Service Animals and should not be in the Clubhouse for any reason; this includes emotional support animals and therapy dogs. The ADA defines a Service Animals as a dog that is trained to complete a set of tasks specific to a person with a disability.
