Meet an Original Summerfield Resident!

Dee and Dennis Brosowske decided to move to Summerfield when they put earnest money down in March 1979, as Dennis qualified for the 40+ age requirement at that time. There was only a foundation on their lot on Lakeside Drive, and they were able to plan their home from the foundation up, with only a few changes from the original Mark 5 floor plan. They were able to move into their new home, along the 5th fairway, in August 1979.

Dee is a groundbreaker, as she was Summerfield's first female SCA Board President, AND she was also the first person to be President for two years, from 1987 to 1989. The Federal minimum age requirement changes from 40 to 55 occurred during her Presidency, which involved numerous consultations with an attorney and meetings with residents.

One favorite memory of Dee's was during the Tigard Balloon Festival, when a balloon floated down on the 5th fairway. Former Golf Course Superintendent, Rick Sullivan, and others held the balloon so it wouldn't float into the water. The balloon needed to be deflated and loaded onto a truck.

Dee has been active in Ladies Golf, where she was a past President, along with the Architecture Committee, the Landscape Committee (before they merged into one committee) and taught Low-Impact Aerobics at the Clubhouse for a while.

She enjoys walking throughout our beautiful Summerfield community. On her 70th Birthday, Dee Tandem Parachuted in Eloy, Arizona!

PRESIDENT'S MESSAGE

Have you seen the Clubhouse lately? If not, you should come by and take a look. Lots of hard work by a lot of dedicated volunteers has gone into updating and redecorating.

The Kitchen, which had not been done for years, has been completely remodeled and all new appliances have been installed. This change will improve workflow and make it easier to cater events. The living room has been redecorated with new carpeting, paint, and furniture. The new furniture seats more people and is more flexible for different seating arrangements as needed. Downstairs has all new carpeting. Thank you, Deb Simpson, Sandy Sisk and all their volunteers.

Our Co-Ed Fitness Area is brand new, repainted, new flooring and all new equipment. Try it out. Stay active using this state-of-the-art facility. Thank you, Linda Mulligan and the Wellness and Fitness Committee.

Some of you have asked, why we have done all of this? Was it really necessary? Besides the golf course, the Clubhouse is the face of our community. It is one of the first things prospective buyers see and is often one the reasons they move here. Since COVID, use of the Clubhouse has grown. New clubs and activities keep popping up and are requesting meeting space. As always, we try to accommodate all our members.

The other question I hear is, what about the money? As I have written about in past articles, all homeowner associations are required by law to maintain a reserve account to fund needed upgrades to existing facilities. Having this fund does not mean we are just going to spend it. Each year we do a reserve analysis listing all our assets and estimating when they have to be replaced. We then plan our expenditures accordingly. Because we work at maintaining our equipment, we can sometimes put off replacing it.

The Board takes its responsibility to the community very seriously. If you have any questions or concerns, we would be happy to address them. I also would remind you that every Summerfield resident is welcome to attend our meetings.

I look forward to seeing you around the Clubhouse!

Steve Blake, SCA President

Unfinished Business: None.

New Business:

Scope of work Proposal from J2 –

Findings from J2 Building Consultants suggests that the SCA take action in what the scope of the work would be to repair/replace/take down the Durham Road Brick Wall. A proposal was made by J2 to examine the scope and collect initial bids for needed work. A motion was made (Knutson) and seconded (Clancy) to accept J2's proposal. The motion was tabled pending attorney review of responsibility of the wall.

ARCHITECTURE/LANDSCAPE

Neighborly

Adjective

1. Showing/Exhibiting the qualities of a friendly and helpful neighbor.

One of the qualities that makes Summerfield a great community is the willingness of residents to help, and watch out for, each other. Our neighbor just moved from Summerfield, and I already miss the neighborly interaction – picking up mail during vacation, friendly chats while working in the yard, pushing in recycle bins, and the loan of just the right tool!

Here are some friendly suggestions for being a good neighbor, some of which are also covered in our community CC&R's and the Architectural & Landscape Manual:

Communicate early and often about exterior projects so your neighbors aren't surprised about contractors, trucks, bins, materials, and porta potties in your yard.

Maintain a visually appealing landscape, grab those weeds, and pick up leaves, regardless of where they came from, in the fall – yard, driveway, sidewalk and street gutters.

Don't store trash, materials, bins, etc., in your front yard, side yard, or in front of your garage.

If your car won't fit in your garage, park it in your driveway or in front of your home and not your neighbors.

Keep your recycle and waste bins hidden from view, place them in front of your home for weekly pickup, and pull them in timely after pickup

Be sensitive about the impact of exterior lights and noise (equipment, chimes, fountains, music) on neighbors.

Take down holiday ornaments and lighting within 2 weeks after the holiday.

If it's time for a new fence, do a 'good neighbor' style that looks the same on both sides.

Our new neighbors move in next month, and we look forward to welcoming them!

DISASTER PREPAREDNESS & SAFETY

1. Did you know your water heater is a good source of emergency water, but you are supposed to drain it once each year, to remove sediment buildup. To accomplish this, turn off the power, shut off the cold input line, connect a hose from the drain to the outside and open a hot water faucet to break the vacuum, open the heater drain faucet and drain til the water is clear. Do the reverse steps when you are done.

2. Did you know you can store emergency water for 8 to 10 years by just adding 6 drops of plain bleach per gallon. Use 30 drops, 1/2 tablespoon for 5 gallons. This removes the need to cycle the water and pour it out every 6 months or so. Brought to you by the Disaster Prep. and Safety Committee, from the Red Cross Emergency Preparedness source publication.

VOLUNTEER APPRECIATION

The Volunteer Appreciation Event was held on April 16th.

It was a fun time enjoyed by the approximately 80+ volunteers and their spouses/partners. Barbara Lance introduced the Committees that were represented and thanked them for their continued service to our community. Steve Blake, our SCA Board President, thanked all the members as well.

We were entertained by Tigard High's "Choralation" choir under the direction of Robert Hawthorne.

The committee served pizza, salad, beverages, and cookies.

Thank you again to all our amazing Summerfield volunteers and a special thanks to the group of volunteers who coordinated this event: Cheryl Baldwin, Eldon Tichenor, Joann Casciato, Joyce Knutson, Joy Thiemann, Beth McPherson, Barbara Lance and our Board Liaison, Carol Knutson.

SWIMMING POOL

Your Pool Committee currently has 6 friendly and productive members. There's room for one or two more members to increase our depth of creative thinking and help with weekend pool water testing. Speak with Marshall Henry or the office if you are interested in helping. The Committee serves as an advisor to the Summerfield Board who certifies each member.

Our season will open with water heated to 89 degrees on Friday May 10th. We operate for at least 21 weeks (5 months) until mid-October (weather permitting). We apply reflective mylar tape and pinwheel aversive to discourage ducks from the water and deck along with the green snow fence to prevent babies from crawling under the metal fence. As more people use the pool, the ducks will quickly learn not to come in. Should you see one, please wave your arms and yell at them to leave. You may also use the garden hose by the drinking fountain. The water is sanitized with a chlorine product which also causes the swimming pool "odor" when it reacts with urine. Please use the locker room downstairs restrooms when needed.

Our pool is regulated by the State and inspected annually by our county agent. These regulations and our own common sense 'rules' are posted as signs and printed on flyers available on the east and west entry gates (use your FOB) and the literature rack outside the office. Some may not be obvious, such as no food or drink other than water in plastic containers.... Food debris and sugary drinks encourage unwanted critters such as raccoons, rats, bees, ants plus sticky spots. Discard chewing gum when entering - this is really nasty to step into on a hot day. So please enjoy our pool this season.

FUN WITH HAND & FOOT

Tuesdays @ 1:30 PM in the Game Room
Casual Drop-In Lessons Offered

Spring has sprung, and Hand & Foot is in full swing. H&F (like Canasta) attracts a fun, casual group that plays every

Tuesday at 1:30 PM in the Game Room.

We start play promptly at 1:30. Please plan on being there 15 minutes early for table assignment. Late arrivals may not be seated if tables are full, or play has already begun.

If you have never played or feel rusty, Susan can offer a tutorial at **12:30** on Tuesdays, just prior to the regular games, **to those who RSVP at least a day ahead.** Learn the basics without the pressure of a game. You may direct questions or RSVP to Susan by phone 818-648-5356 or by email at scallihan7308@gmail.com.

By consensus of our regular players, we do require that players be vaccinated due to the number of immunocompromised or at-risk members of the group and the periodic resurgences of this virus and variants around the country. If you want to wear a mask, that is okay. We are a judgment free zone.

We ask that if you travel or are in close contact with someone who has recently traveled, to not attend for 5 days after your return or after that contact. If you feel ill, please do not attend.

50th Anniversary Golf Course Walking Tour

Attention: Non-Golfer Residents

You have seen it from the street and the sidewalks. Now is your chance to experience our beautiful Summerfield golf course as the golfers see it. The SCA Board is allowing a limited and rare opportunity for non-golfers to walk a few holes down the middle of the fairways guided by members of the women's and men's golf clubs.

The first walking tour is scheduled for **Monday, May 20th**, arrive at 8 AM on the first tee which is east of the putting green – near the tennis courts, and the walk will start at 8:15 AM. To register, email your name(s) and if you need walking assistance go to GolfWalkingTour@gmail.com. A return email will be sent to participants with details of the walk. There will be no golf balls or golf clubs or animals allowed on the walk. Cameras and questions are encouraged.

This activity does not change the golf course usage policy – *“The golf course, including cart paths, is to be used only for playing golf. Any other use, day, or night, as riding, either in golf cars or on bicycles, jogging or walking, is prohibited.”*

Come join us!

MOVE AND GET FIT FOR SUMMER Fitness for Senior Women

We ladies have had the pleasure of working out weekly on Thursday afternoons under the leadership of Linda Mulligan, but due to other personal commitments, Linda is no longer able to lead the class. However, we have videos of Linda's last four classes, which we will continue working out with on Thursday afternoons at 4 PM in the Ballroom. We will occasionally use other senior-oriented videos for variety.

These free workouts are paced for seniors. We use light hand weights (if desired) for upper body toning, and some seated and standing movement for lower body and core toning. Everyone is urged to listen to your body and do what you can.

Come on out, give it a try, and get your body moving!

WELLNESS & FITNESS

As most of you are aware, the new co-ed fitness room is finished! We hope you have had an opportunity to visit the updated space, use the brand-new machines and enjoy your workout. Please, do not, for any reason, move the machines. The room has been designed for your personal safety as well as for fire safety.

The Committee is in the process of creating a plan to help residents with questions about the machines. Ryan at Northwest Fitness has offered his help as well. If you have any questions and cannot find your answer in the equipment manual, you may contact him at Ryanrvsdam.nwfitness@gmail.com. He will get back to you as he is able.

Some of the machines, like the treadmills, have new programs such as interval training. Please, before you try programs that aren't familiar to you, read the manual so that you can gain the most from your workout.

If there are concerns about machines, comments, or suggestions, please feel free to contact your Wellness & Fitness team at summerfieldfitness@gmail.com. We will do our best to help you quickly.

HARVEY PENNICK ON YOUR GOLF SWING: Harvey Penick was a strong all-around teacher of the game, He was perhaps the most gifted instructor of the mental game who ever lived.

A famous quote regarding **Facing reality** could be an extension of Mr. Pennick's philosophy. Quote, "You can put your boots in the oven, but it don't make them biscuits." This is basically what the world famous golf instructor, Harvey Pennick, said about your golf swing. "Unless you have a reasonable good grip and stance, anything you read about the golf swing is useless."

PENNICK'S LAST THOUGHT FOR THE DAY: Necessity: A golfer rarely needs to hit a spectacular shot, unless the one that precedes it is pretty bad.

The luncheon was a great way to kick off the season and our Opening Day of play on Thursday, April 11th.

CALC proposal for landscaping on 104th

– The Common Area Landscape Committee sees a need to alter the landscaping on the island at the entrance to Summerfield at 104th. Currently the irrigation in this area waters the street more than the intended vegetation. A proposal from CALC was submitted by Innovative Landscape to take out the current landscaping, replace the current irrigation with a drip system and place some decorative boulders in the area with the intention of adding plants once this step is complete. The total for the first phase of the project is \$4,964.00 which is in their budget. A motion was made (Gattuccio) and seconded (Clancy) to accept the first phase of the CALC proposal. Motion passed, 5-2(Blake and Knutson.)

Administrator's Report: There are currently 17 unpaid assessments. 9 homes closed in March. We are now registered with VOTE.HOA.NOW for future electronic voting. Beginning in May, the front office will email out the proposed Board Meeting Agenda as well as post on the Summerfield website.

Directors' Roundtable:

Dianne Phelps: Clubhouse, Library, Disaster Preparedness & Safety - From the Clubhouse Committee: Electric piano has been delivered. Contractor for the kitchen renewal will be back to fix broken cabinet as well as install sliding doors over the dishware trollies. Clubhouse Committee is still trying to acquire bids for the Lakeview Room enclosure. Fireplace art has arrived and there has been a lot of positive response to it so it will go out for framing and be hung soon. Architect needed for consultation regarding change of use for downstairs "locker" rooms. From Disaster Preparedness Committee: Supplies in the storage needs to be updated, committee noticed a canopy is missing from their supplies. The Scam prevention presentation scheduled for April 20th, at 2

PM is cancelled due to another group hosting the same presentation by different presenters earlier in the day. **Pat VanOsdel: Newcomers, Clubs & Activities** – No Report.

Tom Clancy: A/L, Wellness & Fitness, Fine Schedule– A motion was made (Clancy), seconded (Blake) to accept Franki Keef and Dan Williams as new members of the A/L Committee. Discussion was made regarding A/L's committee to a resident response about the driveway lamp posts around Summerfield. A request was made to allow owners to replace the "out dated" lanterns with more modern options which lead to A/L looking at the entire lamp post policy. A motion was made (Blake), seconded (Clancy) to maintain the requirement for owners to have lamp posts; those who had already removed theirs would be legaced in and not required to replace their post; Summerfield will no longer supply the lantern "glass" inserts once current supply run out; and any revision to the lantern style will be subject to A/L approval through a Change Request. Motion passed, 7-0.

JJ Gattuccio: Pool, Greens, CALC – The Swimming Pool will open on Friday, May 10th. The Pool Committee is currently looking for 1-2 new members. From CALC: A motion was made (Gattuccio) and seconded (Blake) to accept Jan Acker as a new member to the Common Area Landscape Committee. Motion passed, 6-0. John Acker abstained. From the Greens: Mixed reviews were received regarding the meeting held to discuss the possibility of a practice bunker proposal.

Carol Knutson: Pro Shop, Volunteer Appreciation – Volunteer Appreciation event is Tuesday, April 16th, at 5:30 PM in the Ballroom.

Steve Blake: Website, Marketing, 50th Anniversary — Website team met last week. Leigh Wilcox resigned as Chairperson. Available properties for sale is now listed under the Live Here tab of the Summerfield website. Meeting Adjourned at 12:32 PM.

Help Summerfield Women's Golf Club with Helping the Caring Closet

The Summerfield Women's Golf Club would like to invite the Summerfield Community to help us with this year's fundraising campaign in support of the Caring Closet.

The Caring Closet is a local nonprofit organization that helps economically disadvantaged students within the Tigard-Tualatin School District who are referred by school counselors, with the goal of keeping kids in school. Since 1999, the Caring Closet's mission has been to increase the confidence and retention rate of the lowest income students by providing free appropriate and adequately fitting clothing and shoes as well as hygiene products. The Caring Closet is a sustainable organization that is managed by many volunteers and serves nearly 1800 children annually.

On Thursday, July 11, 2024, the Summerfield Women's Golf Club will be hosting our 20th Annual Charity Golf Tournament. This event includes raffles and a silent auction for items donated by community members and local merchants, with 100% of proceeds raised going to the Caring Closet. Your generous support last year contributed greatly to our fundraising event for the Caring Closet and their very worthy cause.

Please consider helping us again this year as we seek donations for our silent auction and raffles. There are many talented community members, and we would love to include your handcrafted items: Artwork, Quilts, Knitted/Crocheted Pieces, and Crafts. Other suggestions are: Gift Cards/Certificates, Gift Baskets, Vacation Getaways, Event Tickets, Monetary Contributions. Donations are requested by June 15th to prepare for our July event.

To make a tax-deductible contribution or for more information, please contact: Committee Chair Sharon Stoesser @503-309-6065 or Co-Chair Sharon Strain @ 503-372-6093

**Thank you for your consideration to help us support the Caring Closet.
Together, we can make a meaningful difference in our community!**
